OBJECTIVE

Dedicated Full Stack Software Engineer with 2 years of hands-on experience specializing in .NET technologies, C#, and modern responsive web app development. Passionate about writing clean, efficient code and building scalable applications that solve complex business challenges. I am eager to leverage my practical problem-solving skills and continuous learning mindset to deliver high-impact solutions within a dynamic team.

Experience

Bluebay IT Limited · Software Engineer (May 2025 – Present)

Spearheading the Agile development of ChatUapp, an enterprise AI chatbot (.NET 9, ABP Framework), by managing requirement analysis, sprint planning, and task allocation in Azure DevOps. Facilitating daily scrums and cross-functional coordination with frontend teams to ensure seamless execution and on-time delivery. Driving end-to-end backend architecture while maintaining strict deadlines and efficient project lifecycles.

Polock Group · Software Engineer (February 2025 – May 2025)

Actively developed and maintained critical Bangladesh government platforms, specifically the Ration and Kids Systems, ensuring high system stability through efficient bug fixing. Translated client requirements into functional modules while seamlessly integrating continuous updates

Easyway Automation (july 2024 - February 2025)

At Easyway Automation, I focused on expanding my technical skill set by actively learning C# and the .NET framework. Alongside my learning, I gained hands-on experience by conducting software testing for various projects to ensure quality and functionality. This combination of practical learning and project testing provided me with a strong foundational understanding of the software development process.

SKILL

Programming Languages: C#, TypeScript, JavaScript, C, C++, SQL, HTML5, CSS3

Backend & Frameworks: ASP.NET Core (MVC, Web API), Dapper, Identity Core

Frontend Technologies: Angular, React.js, Bootstrap, Tailwind CSS, AJAX, jQuery (DataTables, Select2)

Architecture & Design: OOP, SOLID Principles, DDD, Onion Architecture, Event-Driven, CQRS, Repository, Unit of Work, GoF Design Patterns

Databases & ORM: SQL Server, PostgreSQL, MySQL

Real-Time, Caching & Jobs: SignalR, Redis, Background Worker Services

DevOps & Tools: Git, GitHub, Docker, GitHub Actions (CI/CD), NUnit, Agile/SDLC

Familiar/Exposure: Node.js, Express.js, Next.js, Python, MongoDB, RabbitMQ, Microservices Architecture, WebRTC

RECENT PROJECTS

English Learning App (Clean Architecture): [Source Code](#)

Technologies: Dot NET Core 6 Web API, Dot NET Core 6 MVC, Microsoft SQL Server, Dapper, Entity Framework, Identity, JWT (JSON Web Tokens), AutoMapper, Fluent Validation, Mediator, JQuery, AJAX, Bootstrap CSS, Google Fonts, Bootstrap Icons

Features Implemented:

- Utilized Entity Framework with a code-first approach for seamless database connectivity.
 - Designed and implemented the **Repository pattern** with Unit of Work to ensure efficient data management and scalability.
 - Incorporated role-based authentication and authorization, adhering to **SOLID principles** for maintainable and loosely coupled.
 - Developed authentication and authorization endpoints, including Login, Logout, and related functionalities.
-

POC Template With Auto Role-Based Authorization: [Source Code](#)

Technologies: .NET Core 6 Web API, .NET Core 6 MVC, Microsoft SQL Server, Dapper, Entity Framework, Identity, JWT (JSON Web Tokens), JQuery, AJAX, Bootstrap CSS

Features Implemented:

- Designed and developed a **Super Admin Role Management System** for automated access control to **controllers** and **actions**.
 - Implemented **dynamic role-based authorization** using JWT and Identity.
 - **Integrated JQuery and AJAX** for dynamic content loading and smooth user experience.
 - Utilized **Bootstrap CSS** for responsive and visually appealing design.
-

Academic Qualification:

Master's in Information Technology

- From Jahangirnagar University in 2026 (**1st Semester Running**)

Post Graduate Diploma (PGD) in Information Technology

- From Jahangirnagar University in 2025 (The exam year 2026) with a **CGPA of 3.67 out of 4.00**

MBA (Master's) in Accounting

- From National University in 2019 (The exam year 2022) with a **CGPA of 3.25 out of 4.00**

BBA (Honors) in Accounting

- From National University in 2018 (The exam year 2019) with a **CGPA of 2.77 out of 4.00**

HSC in Business Studies

- From Birshreshtha Noor Mohammad Public College in 2014 with a **CGPA of 4.40 out of 5.00**

SSC in Science

- From Sonatola Govt. Model High School & College in 2012 with a **CGPA of 4.88 out of 5.00**
-

Personal Information:

- From Vill- Sotobalua, P.O-Sonatala, Dist- Bogura.
 - Son of MD.Shahidul Islam and MST. Tahamina Akter
 - Born on 15 December 1996
 - Carrying nationality of Bangladesh with NID. # 5983055368
 - Marital Status, Unmarried
 - Followers of Islam
 - Blood Group - A+ (positive)
-

Language Proficiency:

- Bangla- Native Language
- English- Have a general effective command. Can use and understand fairly in familiar situations.

I, the undersigned, affirm that the information provided in this CV is accurate and a true representation of my skills, experience, and knowledge. I take full responsibility for its content and confirm it correctly describes me.
